## [Speedboat across the Mangroves & Snorkel with Jet Ski Rental](#)

7

This adventure combo includes three of the best water activities in Cancun—speedboating, snorkeling and jet skiing. Start with an action-packed ride through the mangrove jungle and out to open sea and the picturesque Nizuc coral reef. Take full control of your 2-seater speedboat as you accelerate through the scenic Nichupte Lagoon. Just off the southern coast of the hotel island, stop your vessel and plunge into the clear waters of the Caribbean. Using a snorkel, a mask and a pair of fins, explore the seascapes of the second largest coral formation in the world, the Great Mayan Reef. A great additional bonus is the MUSA Underwater Museum, some of whose artifacts are located in the Nizuc area. Venture to the locations following your guide's instruction to catch a glimpse of one of the most unique art exhibitions. It doesn't end there! Back on the pier, continue the water fun on a state-of-the-art Sea-Doo jet ski, cruising through the Nichupte lagoon at your own pace.
