

Adventures to explore this year

US & Canada | Middle East | Africa | Asia | Europe | Latin America | Mexico & Caribbean

Early morning wakeup calls to set out on game viewing spectacles. Evening sundowners with friends in the wide open savannah, with toasts to incredible days past, and days still to come. Rangers and trackers who teach, inspire, and shape memories that are certain to last forever. Accommodations so extraordinary, travelers are enveloped by both the remoteness of their surroundings and all the luxuries they can dream of. They'll feel at peace, at home, and one with the wild.

This is Africa. This is the feeling first-timers are in search of, and for the seasoned traveler, it's the feeling they crave over and over again. It's the reason we do what we do here: thrills so powerful that they're meant to be shared.

At Kensington Tours, our roots are in Africa, and we know how best to experience it. Your clients can cross Africa off their bucket list through the summer months this year and beyond, and we'll help you get them there. Speak to a Destination Expert to start planning now.

Explore Africa with privately guided itineraries handpicked by our experts...
