As an **Authorised Provider of Attendance Packages to The Open**, we are particularly pleased for our guests to experience golf's oldest major championship at **Royal Liverpool for The 151st Open**.

Sightseeing is equally impressive. As you inspect the itineraries you'll find castles, cathedrals, galleries, museums, charming villages, and iconic cities. Better yet, Azamara's scheduling allows for true Destination Immersion® with more late nights and overnights in port than any other cruise line.

Destination Immersion® is just one of the reasons Azamara has been our golf cruise partner since 2011. Their fleet of boutique hotels at sea for less than 700 guests are large enough to offer luxury accommodation (46 suites each with butler service) along with fine dining, live entertainment, and a luxurious spa, yet nimble enough to navigate smaller harbors for premium docking space.

Our all-inclusive golf packages are fully managed by PerryGolf staff on board and ashore for groups typically of 20-30 couples. The British Isles voyage will be larger. Golf equipment is handled from start to finish and awaits our player's arrival at each course. Golf carts are ready with clubs in place. Daily pairings, range balls, box lunches and post round drinks in the clubhouse are coordinated along with social events to create a relaxing and convivial environment. Dedicated transportation conveniently shuttles guests between the golf course and the ship. Gratuities are included except for caddies.

Azamara's suites routinely book first, so we encourage you to lock in early for the best selection at the best price.
